## **ABOUT THE COMMUNITY REINVESTMENT ACT**

The Community Reinvestment Act (CRA) requires the Office of the Comptroller of the Currency (OCC) to evaluate our performance in helping to meet the convenience and needs of our community. The OCC may take the results of this evaluation into consideration when deciding on certain applications submitted by us.

Your involvement is encouraged. You may review the public section of our most recent CRA Performance Evaluation prepared by the Office of the Comptroller of the Currency, as well as our current CRA Statement for the communities we serve at any of our Branches located at:

1. Main Office - 9190 Coral Way, Miami
2. West Miami - 1000 S.W. 57<sup>th</sup> Avenue, Miami
3. Kendall - 10807 SW 72 St, Miami
4. Hialeah - 4090 West 12<sup>th</sup> Avenue
5. West Palm Beach - 2265 South Congress Avenue, West Palm Beach

You may send written comments about our CRA performance in helping to meet community credit needs to:

INTERAMERICAN BANK,  
Attn. Compliance Department  
9190 Coral Way,  
Miami, Florida 33165  
and to:

Office of the Comptroller of the Currency, Southern District  
500 North Akard St, Suite 1600,  
Dallas, TX 75201

Your letter, together with any response by us may be made public. You may also ask to look at any comments previously received by the Deputy Comptroller.

All signed written comments received by us within the past two (2) years, any responses we have made to the comments, and all CRA Statements in effect during the past two (2) years are available for review at any of our offices. You may also request from the Office of the Comptroller of the Currency a copy of applications we have submitted that may be covered by the CRA and our performance.

## **DETAILS CONCERNING THE TYPE OF LOANS WE ORIGINATE**

Safety and soundness regulations and our own Lending Policy, govern the types of loans we can make available. Some of these regulations operate by limiting the volume of lending in certain categories. Loan products available may change from time to time due to several factors, we may on occasions be temporarily “out of the market” for certain types of loans but we encourage you to inquire or apply at any time.

Every financial institution must as a matter of law and good practice, maintain a reasonable mix of different types of loans and investments avoiding excessive concentration on a single product, consistent with the safe operation of the institution.

## **GENERALLY, WE OFFER THE FOLLOWING PRODUCTS AND SERVICES**

### **A. Credit products we offer:**

1. Residential Mortgage loans.
2. Loans secured by income producing properties.
3. Home improvement loans.
4. Home Equity Lines of Credit and term loans.
5. Construction loans.
6. Land acquisition loans.
7. Commercial Credit Lines.
8. CD secured loans (Share Loans).
9. Small Business Equipment loans

Application forms for any of the loans offered by the Institution can be obtained at our Main Office or at any of our Branches.

### **B. Type of deposit accounts we offer:**

1. Savings Account.
2. Personal and Commercial Checking Accounts
3. Time Deposits
4. IRA Time Deposits
5. Interest Bearing Checking Accounts.  
(NOW and Money Market Checking Accounts)

### **C. We also offer:**

- Drive-thru facilities \*
- Direct Deposit
- Treasury Tax and Loan Payments
- Automatic Mortgage Payments
- Night Depository
- ATM/Debit Cards
- Online Banking and Bill payment
- P2P payments
- Wire Transfer Services
- Safe Deposit Box \*
- 24-Hour Telephone Access to Account Information
- ATM and access without surcharge at all Presto® ATM locations.

\* Available at most locations

Since 1976 Interamerican Bank has maintained its involvement with our community, as demonstrated when making real estate loans in small amounts that most banks do not offer or portfolio loans which can afford additional flexibility when reviewing an application rather than applying more restrictive guidelines used for secondary market loans or predetermined parameters.

Even during slow economic times, instead of investing substantial amounts of funds in sophisticated financial instruments or systems that may not offer benefit to our customers, we have sustained our goal of reinvesting most of our funds directly back to our neighborhoods in the form of safe and sound loan programs, available to all segments of our delineated assessment areas.

We are committed to continuing our efforts to be in close relation with different groups that work for the betterment of our community.

Periodically the Office of the Comptroller of the Currency (OCC), our primary regulator, reviews our performance with respect to the Community Reinvestment Act.

The latest OCC Performance Evaluation Report is included here.

## Overall CRA Rating

**Institution’s CRA Rating:** This institution is rated **Satisfactory**.

**The lending test is rated: Satisfactory**

The major factors that support this rating include:

- The Lending Test rating is based on the reasonable distribution of loans in low- and moderate-income (LMI) census tracts and the excellent distribution of lending among businesses of different sizes throughout the Bank’s assessment area;
- The Bank’s average quarterly loan-to-deposit (LTD) ratio is reasonable for the evaluation period;
- A substantial majority of the Bank’s loans are within its assessment area (AA); and
- The Bank did not receive any CRA-related complaints during the evaluation period.

## Loan-to-Deposit Ratio

Considering the Bank’s size, financial condition, and credit needs of the AA, the Bank’s LTD ratio is reasonable. The average quarterly LTD for the Interamerican Bank during the evaluation period was 86.59 percent. The quarterly average LTD ratio for banks similar in size was 88.03 percent, the low was 77.56 percent and the high was 98.20 percent. Peer banks used in the analysis operated in the AA and reported total assets less than \$600 million.

## Lending in Assessment Area

A substantial majority of the Bank’s loans are inside its AA. The Bank originated 90.0 percent of its total loans inside the Bank’s AA. This conclusion is based on a random sample of 20 business loans that were originated during the evaluation period. This analysis is performed at the Bank, rather than the AA, level. This percentage does not include extensions of credit by affiliates that may be considered under the other performance criteria.

Lending Inside and Outside of the Assessment Area										
Loan Category	Number of Loans				Total #	Dollar Amount of Loans \$(000s)				Total \$(000s)
	Inside		Outside			Inside		Outside

## Description of Institution

Interamerican Bank, a FSB (Bank) is a single-state federal savings association headquartered in Miami, Florida. The Bank was chartered in 1976 and has no holding company, operating subsidiaries, or affiliates. The Bank currently has five branches. Four branches are located in Miami-Dade County, with two offices in Miami, one in Kendall, and one in Hialeah. One branch is located in Palm Beach County in the city of West Palm Beach. Three branches are located in moderate-income CTs, and two are located in a middle-income CT.

The Bank is a full-service bank offering traditional loan and deposit products and services to individuals and businesses, as well as internet banking services and automated teller machines (ATMs). The Bank's products include commercial loans, one-to-four family residential loans, and commercial loans. The Bank's strategic focus is business lending. As of December 31, 2021, the Bank reported total assets of \$270.4 million and tier 1 capital of \$29.6 million. Deposits totaled \$238.6 million, and net loans totaled \$159.3 million. Net loans represented 58.9 percent of total assets. Commercial loans represented 72.0 percent of gross loans, including investor-owned 1-4 family residential and multifamily loans. Owner occupied 1-4 family residential loans and home equity lines of credit (HELOCs) represented 27.0 percent. Consumer loans represented less than 1 percent of the Bank's gross loans.

The coronavirus disease (COVID-19) pandemic severely impacted businesses within the Bank's AA. The U.S. Small Business Administration (SBA) Paycheck Protection Program (PPP) provided loans to help businesses cover payroll costs, rent, utilities and other eligible expenses to help keep the business afloat. The Bank was responsive to the SBA's PPP and originated a significant volume of PPP loans. The Bank made 114 SBA PPP loans totaling \$4,729,300 during the evaluation period.

The Bank was operating under a Consent Order (Order) for a portion of the evaluation period. This Order was terminated on August 9, 2019, and included requirements for the Bank to reduce credit risk and problem assets. We considered these challenges when evaluating the Bank's CRA performance. There were no other factors that impeded the Bank's ability to meet the credit needs in its AA. The Bank received an overall rating of "Satisfactory" during its previous CRA performance evaluation dated May 5, 2019.

## **Scope of the Evaluation**

### **Evaluation Period/Products Evaluated**

We assessed Interamerican Bank's CRA performance within its AA under the small bank examination procedures, which is based on the Lending Test. The evaluation period for the Lending Test is from January 1, 2019 through December 31, 2021. The Bank's strategic focus is business lending. We first selected a random sample of 20 loans from 2019-2021 to compare the amount of credit extended inside and outside the AA and determine the in/out ratio. Examiners then selected an additional two loans in the AA to replace the loans that were outside the AA, which amounts to a total of 20 small loans to businesses in the AA. Examiners analyzed those 20 loans in the AA to determine the distribution of loans by borrower income and geography. The evaluation included a review of demographic and economic data about the Bank's AA and information about local economic conditions, the Bank's major business products and strategies, financial condition, capacity, and ability to lend in its community. The review also included gathering information from examinations of other institutions serving the same or similar AAs, reviewing information from other recent community contacts.

### **Selection of Areas for Full-Scope Review**

In each state where the Bank has an office, one or more AAs within that state was selected for a full scope review. For purposes of this evaluation, Bank delineated assessment areas located within the same MSA are combined and evaluated as a single AA. Refer to the "Scope" section under each State Rating for details regarding how full-scope AAs were selected. Refer to appendix A, Scope of Examination, for a list of full-scope AAs.

The Bank's AA is the Metropolitan Statistical Area (MSA) 33100 Miami-Ft. Lauderdale-West Palm Beach, FL. MSA 33100 is comprised of the Fort Lauderdale-Pompano Beach-Deerfield Beach, FL Metropolitan Division (MD) 22744, Miami-Miami Beach-Kendall, FL MD 33124, and West Palm Beach-Boca Raton-Delray Beach, FL MD 48424.

### **Ratings**

The Bank's overall rating is based entirely on the lending performance in the state of Florida.

The state rating is based on performance in the Bank AA. Refer to the "Scope" section under each State and Rating section for details regarding how the area was weighted in arriving at the respective ratings.

## **Discriminatory or Other Illegal Credit Practices Review**

Pursuant to 12 CFR 25.28(c) in determining a national bank's or federal savings association's (collectively, bank) CRA rating, the OCC considers evidence of discriminatory or other illegal credit practices in any geography by the Bank, or in any AA by an affiliate whose loans have been considered as part of the bank's lending performance. As part of this evaluation process, the OCC consults with other federal agencies with responsibility for compliance with the relevant laws and regulations, including the U.S. Department of Justice, the U.S. Department of Housing and Urban Development, and the Consumer Financial Protection Bureau, as applicable.

The OCC has not identified that this institution has engaged in discriminatory or other illegal credit practices that require consideration in this evaluation.

The OCC will consider any information that this institution engaged in discriminatory or other illegal credit practices, identified by or provided to the OCC before the end of the institution's next performance evaluation in that subsequent evaluation, even if the information concerns activities that occurred during the evaluation period addressed in this performance evaluation.

## State Rating

### State of Florida

**CRA rating for the State of Florida:** Satisfactory.

**The Lending Test is rated:** Satisfactory.

The major factors that support this rating include:

- The Lending Test rating is based on the reasonable distribution of loans in low- and moderate-income (LMI) census tracts and the excellent distribution of lending among businesses of different sizes throughout the Bank's assessment area;
- The Bank's average quarterly loan-to-deposit ratio is reasonable for the evaluation period;
- A substantial majority of the Bank's loan originations are within its AA; and
- The Bank did not receive any CRA-related complaints during the evaluation period.

### Description of Institution's Operations in Florida

The Bank's strategic focus is business lending. Interamerican has two branches in middle-income census tracts (CT) and three branches in moderate-income CTs. There are no branch locations in low-income or upper-income CTs. All five of the branches provide ATM services. Four branches offer drive-thru services. The Bank's AA follows the regulatory requirements established in 12 CFR 25.09. Refer to appendix A for a listing of the Bank's AAs.

MSA 33100 experienced a high level of unemployment due to the COVID-19 pandemic, driven by its heavy reliance on the tourism industry. For the month of July 2020, the unemployment rate peaked at 14.5 percent compared to Florida's unemployment rate of 12.5 percent. Despite the unemployment rate increase, the SBA's PPP had a positive impact by helping small businesses retain employees.

As of December 31, 2021, the unemployment rate was 2.9 percent, which was lower than the state rate of 3.5 percent and the national average of 3.9 percent, which is an indication that MSA 33100's economy was recovering from the effects of COVID-19. However, employment has not returned to pre-pandemic levels as the unemployment rate was at 2.2 percent at the end of 2019. According to Moody's Analytics, the tourism industry continues to recover from the impact of COVID-19. MSA 33100 has been adding jobs in a broad range of industries, with particularly strong growth in leisure/hospitality and logistics. Hotel occupancy rates are nearly back at their pre-pandemic level, and robust demand has allowed hotels to raise their room rates substantially. Cruise traffic is ramping up as operations normalize. However, worker shortages have held back job recovery despite the high number of tourists.

According to Dunn and Bradstreet, as of June 2020, there were 1.2 million non-farm businesses in MSA

33100, of which approximately 98.6 percent are considered small businesses. Major industries include education, supermarket and other grocery stores, executive & legislative offices, and health care. The five largest employers include Miami-Dade County School Board (39,959), Publix Super Markets (37,039), Broward County School Board (31,873), Miami-Dade County (27,862), and Palm Beach County School Board (22,402).

A lack of affordable housing inventory and slow economic recovery created by the COVID-19 pandemic represents key challenges for LMI families to purchase homes. According to the Federal Reserve Bank of St. Louis, housing inventory in MSA 33100 decreased by 67.0 percent from 2019 to 2021. High home prices are attributed to a low supply of homes for sale and a steady arrival of new residents moving to MSA 33100. The average home value in MSA 33100 is overpriced by 19.3 percent according to a 2021 report from Florida Atlantic University. The 2015 American Community Survey (ACS) Census estimates the median value of owner-occupied housing units for MSA 33100 to be \$227,861, while the poverty level was 16.3 percent.

According to the 2015 ACS Census, 19.1 percent of households spent more than 30 percent of their income on mortgage payments. Rents are also high given the median monthly gross rent of \$1,194. Approximately 19.1 percent of households spend more than 30 percent of their income on rental payments. LMI renters, particularly low-income, utilize rental subsidies to assist with rent payments. The economic impact of COVID-19 created an adverse housing situation for both LMI renters and homeowners. The Coronavirus Aid, Relief, and Economic Security (CARES) Act and various government programs prohibited evictions for LMI renters and homeowners requiring assistance.

The Bank operates in a highly competitive market given the competition for financial services within MSA 33100. Based on the June 30, 2021, Federal Deposit Insurance Corporation's (FDIC) Summary of Deposits-Market Share Report, Interamerican Bank's presence in the assessment area (AA) is low. Its deposits totaled \$227.9 million, representing less than 1 percent of the deposit market share and ranking 58 out of 83 institutions on the in the Miami-Fort Lauderdale-West Palm Beach, FL Metropolitan Statistical Area (MSA 33100). The top competitors in the AA include large banks such as Bank of America, N.A, Wells Fargo Bank, JPMorgan Chase Bank, N.A, Citibank N.A., and Truist Bank. Combined, their deposits represent 57.4 percent of the total deposit market share in MSA 33100.

To assess community needs, we reviewed information from recent interviews with two local community organizations in MSA 33100. The most critical needs were identified as affordable housing, small business lending, and financial literacy. The increased demand for housing and rising home prices have made affordable housing a primary concern. One organization supports economic development and financial literacy, the other promotes economic and small business development.

**Scope of Evaluation in Florida**

The rating for the state of Florida is based on a full-scope review of the performance in MSA 33100. Refer to Appendix A for additional information on the AA under review.

## **LENDING TEST**

The Bank's performance under the Lending Test in Florida is rated Satisfactory.

### **Conclusions for Area Receiving a Full-Scope Review**

Based on a full-scope review, the Bank's performance in MSA 33100 is adequate.

### **Distribution of Loans by Income Level of the Geography**

The Bank exhibits reasonable geographic distribution of loans in the State.

#### ***Small Loans to Businesses***

Refer to Table Q in the state of Florida section of appendix D for the facts and data used to evaluate the geographic distribution of the Bank's originations of small loans to businesses.

The geographic distribution of small loans to businesses reflects reasonable distribution, considering the Bank's performance context information.

The distribution of loans to small businesses in low-income geographies is near the percentage of businesses located in low-income geographies and the aggregate lending data. Demographic data reflects that only 4.1 percent of businesses in the AA were in low-income tracts, which limited lending opportunities in the area. Additionally, none of the Bank's branches are located in low-income geographies, and the level of competition in the AA is significant.

The distribution of loans to small businesses in moderate-income geographies exceeds the percent of businesses located in moderate-income geographies and the aggregate lending data.

#### ***Lending Gap Analysis***

There were no unexplained conspicuous gaps in lending considering the aforementioned performance context.

### **Distribution of Loans by Income Level of the Borrower**

The Bank exhibits an excellent distribution of loans to businesses of different sizes, given the product lines offered by the Bank.

#### ***Small Loans to Businesses***

Refer to Table R in the state of Florida section of appendix D for the facts and data used to evaluate the borrower distribution of the Bank's originations of small loans to businesses.

The distribution of loans to small businesses is excellent in the AA, considering the strong competition for business loans in the AA.

The Bank's loans to businesses with revenues less than or equal to \$1 million was near the percentage of businesses identified as having revenues less than or equal to \$1 million and exceeded the aggregate lending for these businesses.

**Responses to Complaints**

The Bank had no CRA related complaints during the evaluation period.

**Appendix A: Scope of Examination**

## Appendix B: Summary of State Ratings

---

RATINGS	INTERAMERICAN BANK, A FSB
Overall Bank:	Lending Test Rating
Interamerican Bank, A FSB	Satisfactory
State:	
Florida	Satisfactory

## Appendix C: Definitions and Common Abbreviations

---

The following terms and abbreviations are used in this performance evaluation, including the CRA tables. The definitions are intended to provide the reader with a general understanding of the terms, not a strict legal definition.

**Affiliate:** Any company that controls, is controlled by, or is under common control with another company. A company is under common control with another company if the same company directly or indirectly controls both companies. For example, a bank subsidiary is controlled by the bank and is, therefore, an affiliate.

**Aggregate Lending (Aggt.):** The number of loans originated and purchased by all reporting lenders (HMDA or CRA) in specified income categories as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the state/assessment area.

**Census Tract (CT):** A small, relatively permanent statistical subdivision of a county delineated by a local committee of census data users for the purpose of presenting data. Census tracts nest within counties, and their boundaries normally follow visible features, but may follow legal geography boundaries and other non-visible features in some instances, Census tracts ideally contain about 4,000 people and 1,600 housing units.

**Community Reinvestment Act (CRA):** The statute that requires the OCC to evaluate a bank's record of meeting the credit needs of its entire community, including LMI areas, consistent with the safe and sound operation of the bank, and to take this record into account when evaluating certain corporate applications filed by the bank.

**Family:** Includes a householder and one or more other persons living in the same household who are related to the householder by birth, marriage, or adoption. The number of family households always equals the number of families; however, a family household may also include non-relatives living with the family. Families are classified by type as either a married-couple family or other family, which is further classified into 'male householder' (a family with a male householder' and no wife present) or 'female householder' (a family with a female householder and no husband present).

**Full-Scope Review:** Performance under the Lending, Investment, and Service Tests is analyzed considering performance context, quantitative factors (e.g., geographic distribution, borrower distribution, and total number and dollar amount of investments), and qualitative factors (e.g., innovativeness, complexity, and responsiveness).

**Geography:** A census tract delineated by the United States Bureau of the Census in the most recent decennial census.

**Household:** Includes all persons occupying a housing unit. Persons not living in households are classified as living in group quarters. In 100 percent tabulations, the count of households always equals the count of occupied housing units.

**Low-Income Individual:** Individual income that is less than 50 percent of the area median income.

**Low Income Geography:** A census tract with a median family income that is less than 50 percent.

**Market Share:** The number of loans originated and purchased by the institution as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the state/assessment area.

**Median Family Income (MFI):** The median income determined by the U.S. Census Bureau every five years and used to determine the income level category of geographies. The median is the point at which half of the families have income above, and half below, a range of incomes. Also, the median income determined by the Federal Financial Institutions Examination Council (FFIEC) annually that is used to determine the income level category of individuals. For any given area, the median is the point at which half of the families have income above, and half below, a range of incomes.

**Metropolitan Division:** As defined by Office of Management and Budget, a county or group of counties within a Core Based Statistical Area that contains an urbanized population of at least 2.5 million. A Metropolitan Division consists of one or more main/secondary counties that represent an employment center or centers, plus adjacent counties associated with the main/secondary county or counties through commuting ties.

**Metropolitan Statistical Area:** An area, defined by the Office of Management and Budget, as a core based statistical area associated with at least one urbanized area that has a population of at least 50,000. The Metropolitan Statistical Area comprises the central county or counties containing the core, plus adjacent outlying counties having a high degree of social and economic integration with the central county or counties as measured through commuting.

**Middle-Income:** Individual income that is at least 80 percent and less than 120 percent of the area median income, or a median family income that is at least 80 percent and less than 120 percent, in the case of a geography.

**Moderate-Income:** Individual income that is at least 50 percent and less than 80 percent of the area median income, or a median family income that is at least 50 percent and less than 80 percent, in the case of a geography.

**Rating Area:** A rated area is a state or multi-state metropolitan statistical area. For an institution with domestic branches in only one state, the institution's CRA rating would be the state rating. If an institution maintains domestic branches in more than one state, the institution will receive a rating for each state in which those branches are located. If an institution maintains domestic branches in two or more states within a multi-state metropolitan statistical area, the institution will receive a rating for the multi-state metropolitan statistical area.

**Small Loan(s) to Business(es):** A loan included in 'loans to small businesses' as defined in the Consolidated Report of Condition and Income (Call Report) instructions. These loans have original amounts of \$1 million or less and typically are either secured by nonfarm or nonresidential real estate or are classified as commercial and industrial loans.

**Tier 1 Capital:** The total of common shareholders' equity, perpetual preferred shareholders' equity with non-cumulative dividends, retained earnings and minority interests in the equity accounts of consolidated subsidiaries.

**Upper-Income:** Individual income that is at least 120 percent of the area median income, or a median family income that is at least 120 percent, in the case of a geography.

## Appendix D: Tables of Performance Data\*

---

### Content of Standardized Tables

A separate set of tables is provided for each state. All multistate metropolitan statistical areas, if applicable, are presented in one set of tables. References to the “bank” include activities of any affiliates that the bank provided for consideration (refer to appendix A: Scope of the Examination). For purposes of reviewing the Lending Test tables, the following are applicable: (1) purchased are treated as originations; and (2) “aggregate” is the percentage of the aggregate number of reportable loans originated and purchased by all HMDA or CRA-reporting lenders in the MMSA/assessment area. Deposit data are compiled by the FDIC and are available as of June 30<sup>th</sup> of each year. Tables without data are not included in this PE.

The following is a listing and brief description of the tables included in each set:

**Table Q. Assessment Area Distribution of Loans to Small Businesses by Income Category of the Geography** - The percentage distribution of the number of small loans (less than or equal to \$1 million) to businesses that were originated and purchased by the bank in low-, moderate-, middle-, and upper-income geographies compared to the percentage distribution of businesses (regardless of revenue size) in those geographies. Because aggregate small business data are not available for geographic areas smaller than counties, it may be necessary to compare bank loan data to aggregate data from geographic areas larger than the bank’s assessment area.

**Table R. Assessment Area Distribution of Loans to Small Businesses by Gross Annual Revenue** - Compares the percentage distribution of the number of small loans (loans less than or equal to \$1 million) originated and purchased by the bank to businesses with revenues of \$1 million or less to: 1) the percentage distribution of businesses with revenues of greater than \$1 million; and, 2) the percentage distribution of businesses for which revenues are not available. The table also presents aggregate peer small business data for the years the data is available.

---

\* The total loan amount presented in the tables for each assessment area may differ from the total loan amount reported in the aggregate table due to how the underlying loan data is rounded in each table.

## **HOME MORTGAGE DISCLOSURE ACT NOTICE**

**The HMDA data about our residential mortgage lending is available online for review. The data shows geographic distribution of loans and applications; ethnicity, race, sex, age, and income of applicants and borrowers; and information about loan approvals and denials.**

**This data, in addition to HMDA data for many other financial institutions is available online at the Consumer Financial Protection Bureau's Web site:**

**[www.consumerfinance.gov/hmda](http://www.consumerfinance.gov/hmda)**

**Visit the Consumer Financial Protection Bureau's Web site for more information.**

## **COMMENTS / COMPLAINTS RECEIVED**

We are required to maintain a record and report in this section any complaints received from the public, regarding our CRA performance.

**Your comments or complaints may be submitted to us at:**

INTERAMERICAN BANK  
9190 Coral Way  
Miami, Florida 33165  
Attn. Compliance Department

In addition, you can send comments or complaints to:

Office of the Comptroller of the Currency  
Southern District,  
500 North Akard Street, Suite 1600  
Dallas TX 75201

Your letter together with any response by us may be made public. You may also ask to look at any comments received by the Deputy Comptroller.

---

**NO COMMENTS OR COMPLIANTS  
FROM THE PUBLIC HAVE BEEN  
RECEIVED.**
